RESOURCE GUIDE

A Community Directory of Trusted Professionals, Programs & Services

Supporting individuals with learning disabilities across Maryland (+ DC and Virginia)

Welcome

Welcome to the LDAMD 2026–2027 Resource Guide, a directory compiled by the Learning Disabilities Association of Maryland to connect families, educators, and individuals with trusted professionals, programs, and services that support students, individuals, adults, and families impacted by learning disabilities.

Each listing in this guide was submitted directly by the featured organization or professional. Entries are grouped by category, entry type, and include the services offered, contact information, and — where provided — details on special discounts or sliding-scale fees.

We are grateful to every sponsor, business, and colleague who contributed to this guide and helped make LDAMD's mission possible.
